5 STEPS TO SAFER WORKING PRACTICE

In compliance with the government's guidance on managing the risk of COVID-19 we have:

- Carried out a COVID-19 risk assessment and shared the results with the people who work here.
- Followed cleaning, handwashing and hygiene procedures in line with guidance.
- Taken all reasonable steps to protect our staff at work.
- Taken all reasonable steps to maintain a 2m distance in the clinic's public areas.
- We have done everything practical to manage transmission risk where people cannot be 2m apart.
